To Whom It May Concern,

It is my pleasure to recommend RK Electric, their performance working as a Subcontractor to G&C Fab-Con, LLC proved that they will be a valuable addition to any project. I regard RK Electric as a highly virtuous, dedicated and enthusiastic subcontractor. RK is a very professional organization and works well with every subcontractor they encounter.

In conclusion, I would highly recommend RK Electric. If their performance at the Pikes Peak National Cemetery Project is any indication of how they'd perform on the available contract, RK will be an extremely positive addition to your project. If you need any additional information, feel free to contact me at (215) 436-0902 or by email at cole.vettraino@gandcfabcon.com anytime.

Sincerely,
